DETAILED ACTION

Election/Restrictions

1. This application encompasses three species of the inventive subject matter, as for example, the species of Figures 1, 9A, and 9B, respectively. Pursuant to 35 USC §121, applicant is required for a complete response to elect for prosecution at this time a single disclosed species.

2. This application also encompasses three sub-species of the inventive subject matter, as for example, the species of Figures 2, 6, 6B, 7, and 8 respectively. Pursuant to 35 USC §121, applicant is required for a complete response to (1) elect for prosecution at this time a single disclosed sub-species, and (2) list all claims readable on both the elected species of paragraph (1) and the elected sub-species of this paragraph (together) including and any claims subsequently added (MPEP 809.02 (a)).

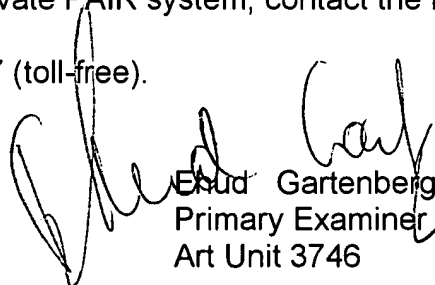

3. Applicant is further advised that a mere argument alleging that a generic claim exists or is allowable will not satisfy a species election requirement. For a complete response, applicant must elect a single species and list the claims readable on that species as set forth above.
